

Re-Invitation to Bid Request (ITB) for Flood/inundation hazard mapping and upgrading of hydro-meteorological station in Madi and Seti Sub-River basin to support flood early warning system

CARE Nepal is an international humanitarian organization working in the country for the past 39 years. It currently works in 60 districts through various programs on issues relating to improving the lives of the poorest and most vulnerable populations through programs that work on the following themes: food security and climate change; emergency preparedness and DRR; migration and urbanization; sexual reproductive and maternal health; gender based violence; women and girls' leadership. Marginalized Women and Adolescent Girls are our two primary impact groups. Core priorities include investment in the empowerment and leadership of women and girls, reaching hard to reach population, good governance and accountability, working in partnership and alliance with like-minded actors, and evidence-based advocacy.

CARE Nepal hereby invites eligible consultant for the financial and technical proposal for '**Flood/inundation hazard mapping and upgrading of hydro-meteorological station in Madi and Seti Sub-River basin to support flood early warning system**' which is being funded by USAID. Proposals should include evidences, facts and statements mentioned along the following selection criteria: (1) Organizational Profile & work experience in relevant field (50%) which includes Education (25%) General Work experience (10%) and relevant work experience (15%), (2) Understanding of TOR (10%), (3) Clarity on methodology (30%), and (4) Financial management (10%). Summary budget, schedule, list of personnel on the proposed team and their resumes and other documents supporting the above mentioned criteria may be annexed. Consultants will be informed for the status of their proposals and may be invited for the presentation of their proposal before final selection. Target date for completion of this work is within the 3 months of agreement/within the month of March 30, 2018.

The interested consultants can obtain the Terms of Reference (ToR) of the assignment and Vendor Profile form CARE website <http://www.carenepal.org/calls.php> and clicking on **TOR# Flood hazard mapping Expert (Hydrologist/Hydraulic Engineer)** for Flood/ hazard mapping and upgrading of hydro-meteorological station in Madi and Seti Sub-River basin to support flood early warning system.

Deadline for submission of proposals is 5:00PM, 20th December 2018. Proposals should be submitted/e-mailed to below address:
